

**Message Title:** The Creator's Genius Pt-17

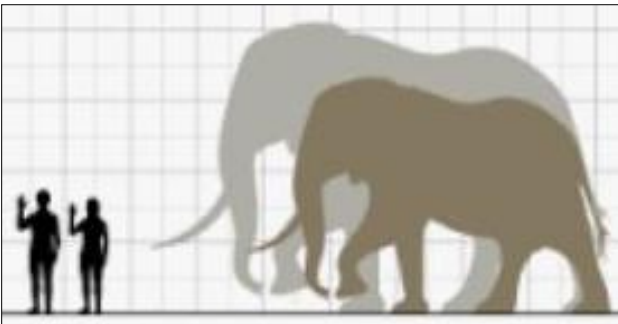

**Theme:** This message opens with a discussion about suffering and dying loved ones, and then considers the unique features that God designed into elephants and closes with why God does things like He does. It ends with the unusual final prayer which is normally edited out but in this case has several helpful thoughts in dealing with terminally ill loved ones.

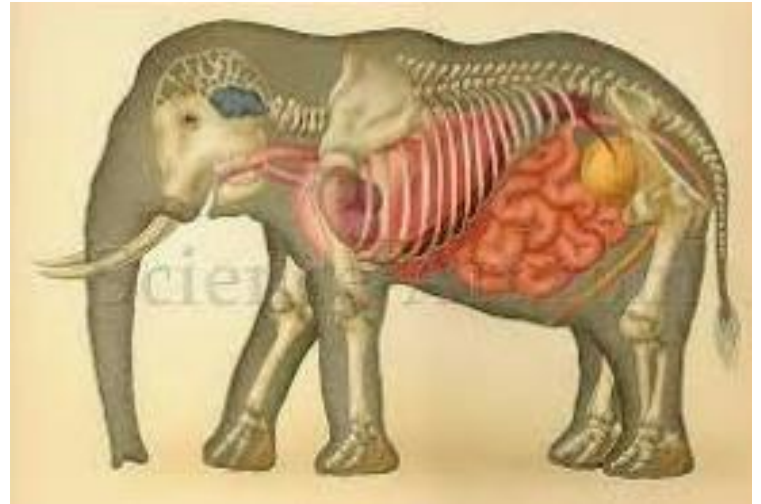

This is the next to the last message that studies the genius and individual characteristics in His creation that God gave us, so that our faith would be supported by infallible proofs but that are dismissed by evolutionists, and if taught at all, are shown to be the work of random chance or the mythical Mother Nature. Amazingly they ridicule faith as being a crutch for the needy without realizing the blind faith required to believe that life emerged from a massive flaming sterile ball of fire they named the Big Bang.

**Salient Points:** Sorrow not, Wheat and Tares, God's view of the death of believers, In the presence of God, Focused on others while dying, When church services are boring, More to life than working and suffering, The shape of our soul, Purchasing from God, Elephants size, Ears, Trunk, Feet, Memory, Talking with animals, Impressing God, Why God does the things the way He does them, Impressed by God, Heartfelt prayer for those suffering.

The speaker would like you to know that all of these messages are in the chronological progression as God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his

dying wife. It reads, “*And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me*”. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, to what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, “you'll get over it.” Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times “the most frustrating thing in life is knowing what GOD could do and watch him not do it”. In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says,” it was much like when I first became a child of God all over again”. He describes it like application of (2 Corinthians 3:18), “But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, *even* as by the Spirit of the Lord”. Truly a life changing experience as God increases and we automatically decrease.
