"When people are vaccinated, they can feel safe that they are not going to get infected...We have all the vaccines we need...To break the chain of transmission..."

Biden:

"Fully vaccinated people are at a very, very low risk of getting Covid-19..."

"If you're vaccinated, you're not going to be hospitalized. You're not going to be in ICU unit, and you're not going to die. You're not going to get Covid..."

Mask study published by NIH suggests N95 Covid masks may expose wearers to dangerous level of toxic compounds linked to seizures and cancer...

The surgical N95 mask has been held up as the gold standard when it comes to protecting against Covid. But a study quietly re-shared by the National Institutes of Health in spring suggests the tight-fitting mask may expose users to dangerous levels of toxic chemicals.

Researchers from Jeonbuk National University in South Korea looked at two types of disposable medical-grade masks, as well as several reusable cotton masks.

The study found that the chemicals released by these masks had eight times the recommended safety limit of toxic volatile organic compounds (TVOCs)...

Florida Surgeon General: Do Not Cooperate With Mask Mandates... As mask mandates return in certain parts of the country, Florida Surgeon General Joseph Ladapo is telling people to not comply.

"What do you call re-imposing mask policies that have been proven ineffective or restarting lockdowns that are known to cause harm?" posted Ladapo on X this morning. **"You don't call it sanity. These terrible policies only work with your cooperation. How about refusing to participate..."**

"Governor Ron DeSantis's Press Secretary Jeremy Redfern reposted and commented, 'They're using a picture of a child in an N95. Gross... We aren't going to play in the federal government's biomedical security theater'..."

"In May, Gov. DeSantis signed legislation permanently banning mask mandates in the State of Florida. This goes for government buildings, schools and medical facilities."

DeSantis also signed laws against a "W.H.O. pandemic treaty", banned gain of function research, and signed a Protection of Medical Conscience Act.

DeSantis also signed arguably the strongest medical freedom law in the nation.

"It is the intent of the Legislature that Floridians be free from mandated facial coverings, mandates of any kind relating to vaccines as provided in this section, and discrimination based on such vaccination status," the law states.

Ladapo, who DeSantis brought in from UCLA as Surgeon General...praised DeSantis for taking a stand against unscientific Covid mandates. Ladapo is one of America's Frontline Doctors who stood in front of the Supreme Court in July of 2020 calling for an end to mandates...

'Complete nonsense': Americans mobilizing to fight surging wave of COVID hysteria 2.0...

As Joe Biden and liberal corporate and social media ramp up their talk about masking up and a new COVID booster-shot campaign, conservatives and those who no longer 'trust the science'...are bracing for a new wave of COVID hysteria...

...with the benefit of hindsight and lessons learned from...oppressive COVID policies during the initial pandemic, the difference today is that an army of highly informed skeptics skilled at debunking establishment narratives is at the ready to mobilize against a rebirth of government and corporate coercion and misinformation...

Just the News reported Tuesday: 'Even President Biden acknowledged current COVID vaccines, which include original and Omicron variant strains, are not performing as hoped. He said...he's planning to ask Congress for additional funding for a new vaccine 'that works'...'...''

Blaze Media (8-28-23):

"Brace for round 2, the Biden Admin is trying to push the Covid vaccine AGAIN...."

Rand Paul:

"So to recap: 1. @POTUS is saying the vaccine they're currently promoting and they mandated DOES NOT work 2. He wants more funding for another one ... That's a NO from me."

"The power of Covid propaganda among liberals is mind-blowing.

Show me a conservative wearing a mask, and I'll show you a liberal at a pro-life vigil."

Dr. Scott Atlas (former Trump WH Covid Adviser):

'Masks do not work, period. That's the science...If you believe in science at all...You look at the studies that were published by the CDC back in May 2020 that showed that masks were not protective for people in a viral, respiratory infection. This has been validated, over and over again...The Danish study in Nov. 2020...Fauci is spewing nonsense...We have people who refuse to admit they were wrong...'

Dr. Kat Lindley:

"We want people to realize it's ok to question...Not to just buy into the narrative...We all know that Covid-19 was just the play...the rehearsal...We're getting these messages from W.H.O....there's new disease that's going to come out, you need to be ready...It's very important for all of us to realize that CDC...etc...had their own agenda...Do we just blindly follow it?...I come from a Communist country...These mandates..."
